

STRUCTURED NOTES

CAPTURE • ORGANIZE • UNDERSTAND • APPLY

Name Jean Carlos
Course / Subject P.M
Speaker / Class Carlos richard
Date & Time 15/09/26

KEYWORDS & KEY CONCEPTS

-
-
-
-
-
-
-
-

Focus on the key concepts that generate value and understanding.

ACTIONS / NEXT STEPS

- ☐
- ☐
- ☐
- ☐
- ☐

Turn knowledge into action.
Small steps, big results.

NOTES

Title: Comando init

Topic: _____

git init sirve para convertir una carpeta normal en un repositorio git, al usar el comando se crea una carpeta oculta .git, que contiene los archivos necesarios para administrar el repositorio.

QUESTIONS & REFLECTIONS

What questions do I have?

What is unclear or confusing?

What ideas connect?

How can I apply this?

What assumptions should I challenge?

SUMMARY

Write a brief summary of the main points.

KEY TAKEAWAY

Capture the most important insight.

Carlos Richarcho Vinque

CAPTURE • ORGANIZE • UNDERSTAND • APPLY

Name Juan Carlos
Course / Subject P.M
Speaker / Class Carlos richardo
Date & Time 14/04/26

KEYWORDS & KEY CONCEPTS

-
-
-
-
-
-
-
-

Focus on the key concepts that generate value and understanding.

ACTIONS / NEXT STEPS

- ☐
- ☐
- ☐
- ☐
- ☐

Turn knowledge into action.
Small steps, big results.

NOTES

Title: Comando Add

Topic: _____

git add sirve para preparar cambios para el proximo commit, permite añadir archivos al repositorio del proyecto. se usa con el comando git add ej. html, al añadir un archivo se hace un cambio en el proyecto para guardar el cambio hacemos uso de git commit.

QUESTIONS & REFLECTIONS

What questions do I have?

What is unclear or confusing?

What ideas connect?

How can I apply this?

What assumptions should I challenge?

SUMMARY

Write a brief summary of the main points.

KEY TAKEAWAY

Capture the most important insight.

STRUCTURED NOTES

CAPTURE • ORGANIZE • UNDERSTAND • APPLY

Name Jean Carlos
Course / Subject P.M
Speaker / Class Carlos Pichardo
Date & Time 14/04/26

KEYWORDS & KEY CONCEPTS

- -git commit
- -git config user.
- name/email
- -git commit
- -m "txt"
-
-
-

Focus on the key concepts that generate value and understanding.

ACTIONS / NEXT STEPS

- ☐
- ☐
- ☐
- ☐
- ☐

Turn knowledge into action.
Small steps, big results.

NOTES

Title: Comando Commit

Topic: _____

Git commit es usado para guardar los cambios realizados en el proyecto. Es como crear un punto de guardado. Al usar git commit te pedira configurar un usuario con los comandos -git config user.name (o user.email), al guardar se abre un editor de codigo que permite agregar un mensaje a dicho guardado. Se puede usar el comando git commit -m "texto" para no necesitar entrar al editor.

QUESTIONS & REFLECTIONS

What questions do I have?

What is unclear or confusing?

What ideas connect?

How can I apply this?

What assumptions should I challenge?

SUMMARY

Write a brief summary of the main points.

KEY TAKEAWAY

Capture the most important insight.

STRUCTURED NOTES

CAPTURE • ORGANIZE • UNDERSTAND • APPLY

Name Jean Carlos
Course / Subject P.M
Speaker / Class Carlos Pichardo
Date & Time 14/09/26

KEYWORDS & KEY CONCEPTS

- git branch
- git checkout
-
-
-
-
-
-

Focus on the key concepts that generate value and understanding.

ACTIONS / NEXT STEPS

- ☐
- ☐
- ☐
- ☐
- ☐

Turn knowledge into action.
Small steps, big results.

NOTES

Title: Comando branch

Topic: _____

git branch sirve para trabajar con ramas, una rama es una versión independiente del historial del proyecto. Por ejemplo si se quiere agregar una característica nueva a un proyecto sin arriesgarse a romperlo se usa git branch nombre-rama, para entrar a la nueva rama usamos git checkout nombre-rama

QUESTIONS & REFLECTIONS

What questions do I have?

What is unclear or confusing?

What ideas connect?

How can I apply this?

What assumptions should I challenge?

SUMMARY

Write a brief summary of the main points.

KEY TAKEAWAY

Capture the most important insight.
